

Every once in a while, the herd must change directions. The team at herd—Jonathan, David, and Chef Pete—is no different. The world has been spun into a frenzy, so let us remind you of great comfort food, elevated. We'll serve you some favorites and some newer items and evolve the way we serve them.

Join us for dinner in the restaurant, allow us to provide "herd at home" or arrange one of our private dining experiences. Contact us at [herdonmain@gmail.com](mailto:herdonmain@gmail.com) anytime.
